

Member Updates

Welcome to the first issue of the EIN's Member Update, a bulletin capturing the great work of the EIN member churches and faith organisations, as shared by the members. Each issue will be published after each EIN meeting which takes place quarterly. For more information, contact: ein@ctbi.org.uk

- **Open letter to church leaders on managing land for climate and nature** Churches are some of the largest landowners in the country, yet a lot of church land is causing environmental degradation, for example through excessive pesticide runoff from agricultural land causing river pollution and degraded peatland emitting carbon dioxide. We are calling on Churches to ensure their land is part of the solution and not part of the problem, for example, [growing trees](#), [sustainable farming](#), and [restoring peatland](#). **Sign your name onto this open letter** to be handed in to national church leaders across all major UK denominations on World Environment Day, 5th June 2025.
- **Where your treasure is - New 5-week course.** We've launched a new course to explore how we can use our money to tackle the climate crisis. Available to [download](#)
- **Catholic Social Teaching & Investing in Climate Solutions.** This newly published toolkit supports Catholic churches, dioceses and faith institutions to invest more in climate solutions and help accelerate the green transition. Available to [download for free](#).
- **Webinar series.** We are currently running 2 webinar series: one on the CST & Investment toolkit, and the other on our Land campaign - [join us!](#)
